Gentlemen:-

We are to-day in receipt of blanks from you covering our 1918 operations, and we respectfully ask for an extension of time in which to get our books and records in such shape that we can fill them out to your satisfaction.

Our Mr. Spencer just returned to Seattle last week on the S.S. Catherine D. of the Pacific S.S.Co., from the cannery, bringing with him such records as he accumulated during the season, which will have to be transferred to our Seattle books, or more properly speaking a set of books made therefrom, as he settled with all fishermen, in Alaska.

There was no bookkeeper on the job in Alaska this season, and you can understand that some considerable work has to be done before we can properly fill out the report, which work will be rushed all possible and report filled out and returned you at earliest possible moment, meantime we respectfully ask an extension of time to enable us to do the necessary book work, as to fish records, etc, etc.

Very truly yours,
MARATHON FISHING & PACKING CO.
